BY THE WAY, MR. DORRY...

A YEAR ON THIS ISLAND IS MORE THAN PUNY HUMANS CAN ENDURE.

ISN'T THERE A FASTER WAY, OLD MAN?

TO BE CONTINUED IN *ONE PIECE*, VOL. 14!

ONEPIECE WARS!!

The other day I remembered a game that I invented in grade school and decided to revise it. So sometime when you're thinking, "Man, I'm so BORED," play this game with your friends. It's easy.

What you'll need to prepare:

- A Tactics card
- A six-sided pencil
- UnshakeABle Pirate Spirit (A little shaky is okay.)
- A Battlefield card (see p. 185) and an eraser

What you won't need to prepare:

- Coffee (Please don't BOTHER making any. I won't BE staying long.)

The Tactics Card

ONEPIECE WARS
TACTICSCARD

NAME: Monkey D. Luffy

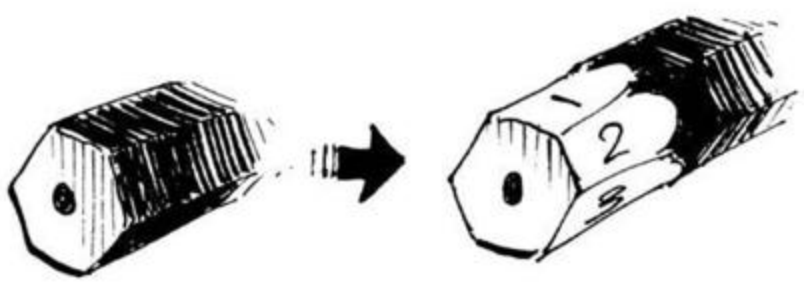
1	Gum-Gum Pistol	5
2	Gum-Gum Balloon	0
3	Fart	40
4	Gum-Gum Bullet	15
5	Gum-Gum Rocket	10
6	Gum-Gum Gatling Gun	30

POINTS

1. Write the name of a *One Piece* character you like under "name." (AnyBody is fine.)
2. Draw the character next to the name. It doesn't have to BE perfect.
3. Write down six techniques in the spaces BELOW. You can make up your own, if you want. (Example: Ms. Makino's Smile Attack, etc.)
4. Assign points to each technique in multiples of 5, so that they add up to 100. (0 is also possiBle.)

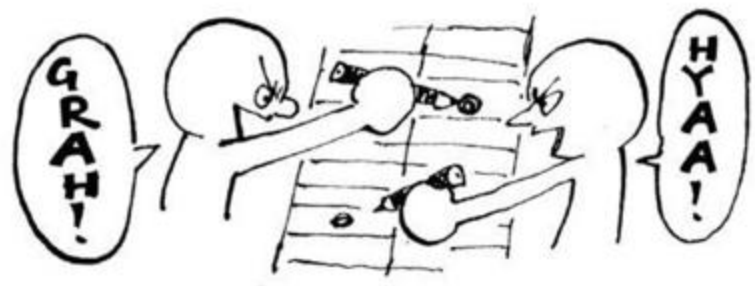
◎ The six-sided pencil

Shave the paint off the tip and number each face from 1 to 6, turning the pencil into a die.



★ Prepare for Battle!

- This game is for two or more people.
- Find someone with a Tactics card. (If the person doesn't own this book, be a good sport and let him or her copy yours. Sharing good times is part of true pirate spirit.)
- When you find an opponent, take out your Battlefield card. Each player should draw a black dot on one of the 20 spaces on his or her opponent's card.



★ Attack!!

- Take out your cards and attack!!
- Do rock-paper-scissors. The winner rolls the pencil die to get the opponent's technique number and then blackens in the space on the opponent's Battlefield card that shows the corresponding number of points!!

★ Bonus Buggy Dot

- If you land on the dot you drew, as you're blackening in a space, you get a Bonus Buggy Chance. Your attack accelerates. You get to attack again.
- The first one to reach 100 points wins!!

May you be victorious in battle.
